Hi Andrea,

Sorry about that typo. Donna caught it a few weeks ago and we did correct the polrep and other records. Both the site id's were issued at the same time and I apparently grabbed the wrong one for my action memo. The site ID for Rangely Drums is A8E8. I've been trying to wrap up inspections in North Dakota before it gets too cold and I've fallen woefully behind on my paperwork.

Hi Joyel. Is the Rangely Drum Site the same as the Red River Supply Warehouse Fire site? There is no site id for the Rangely Drum site but the site ID number you

referenced on the coding sheet is the same as Red River.
